

A Bibliography on Second Language Writing: Hong Kong, China and other Asian Countries (July 2007)

This bibliography is an outcome of a project “Second Language Writing in Hong Kong, China and Asia” funded by the HKU Constituent Theme “Languages, Media and Communication: Language in Education and Assessment”. The Constituent Theme would like to thank Ms Lu Lu, PhD candidate, Faculty of Education, for compiling the bibliography and the version with annotations, and Dr Icy Lee for her advice.

The bibliography is organized alphabetically by author, and has been categorized by the level of education of the learners in the version with annotations.
