

**Constituent Theme Funding for “Languages, Media and Communication:
Language in Education and Assessment”**

Co-hosted by the Faculties of Arts and Education in collaboration with the English Centre

Website: <http://www.hku.hk/clear>

Date: 23 February, 2006 (Thursday)

Time: 1230-1400

Venue: LG02, Hui Oi Chow Science Building, HKU

Key questions for discussion

1. What research are group members currently undertaking and how does this intersect/match with other members' research?

2. What potential is there for collaboration across Faculties/University on existing or new research projects?

3. What kind of support is needed/ possible from the constituent theme funding?
(consider: visitorships, conferences and workshops and publications support)
(refer to proposed budget overleaf- remember there are six focal areas)
