

28 June 2019
Summer Institute

CONCLUDING

Kai-ming Cheng

Emeritus Professor

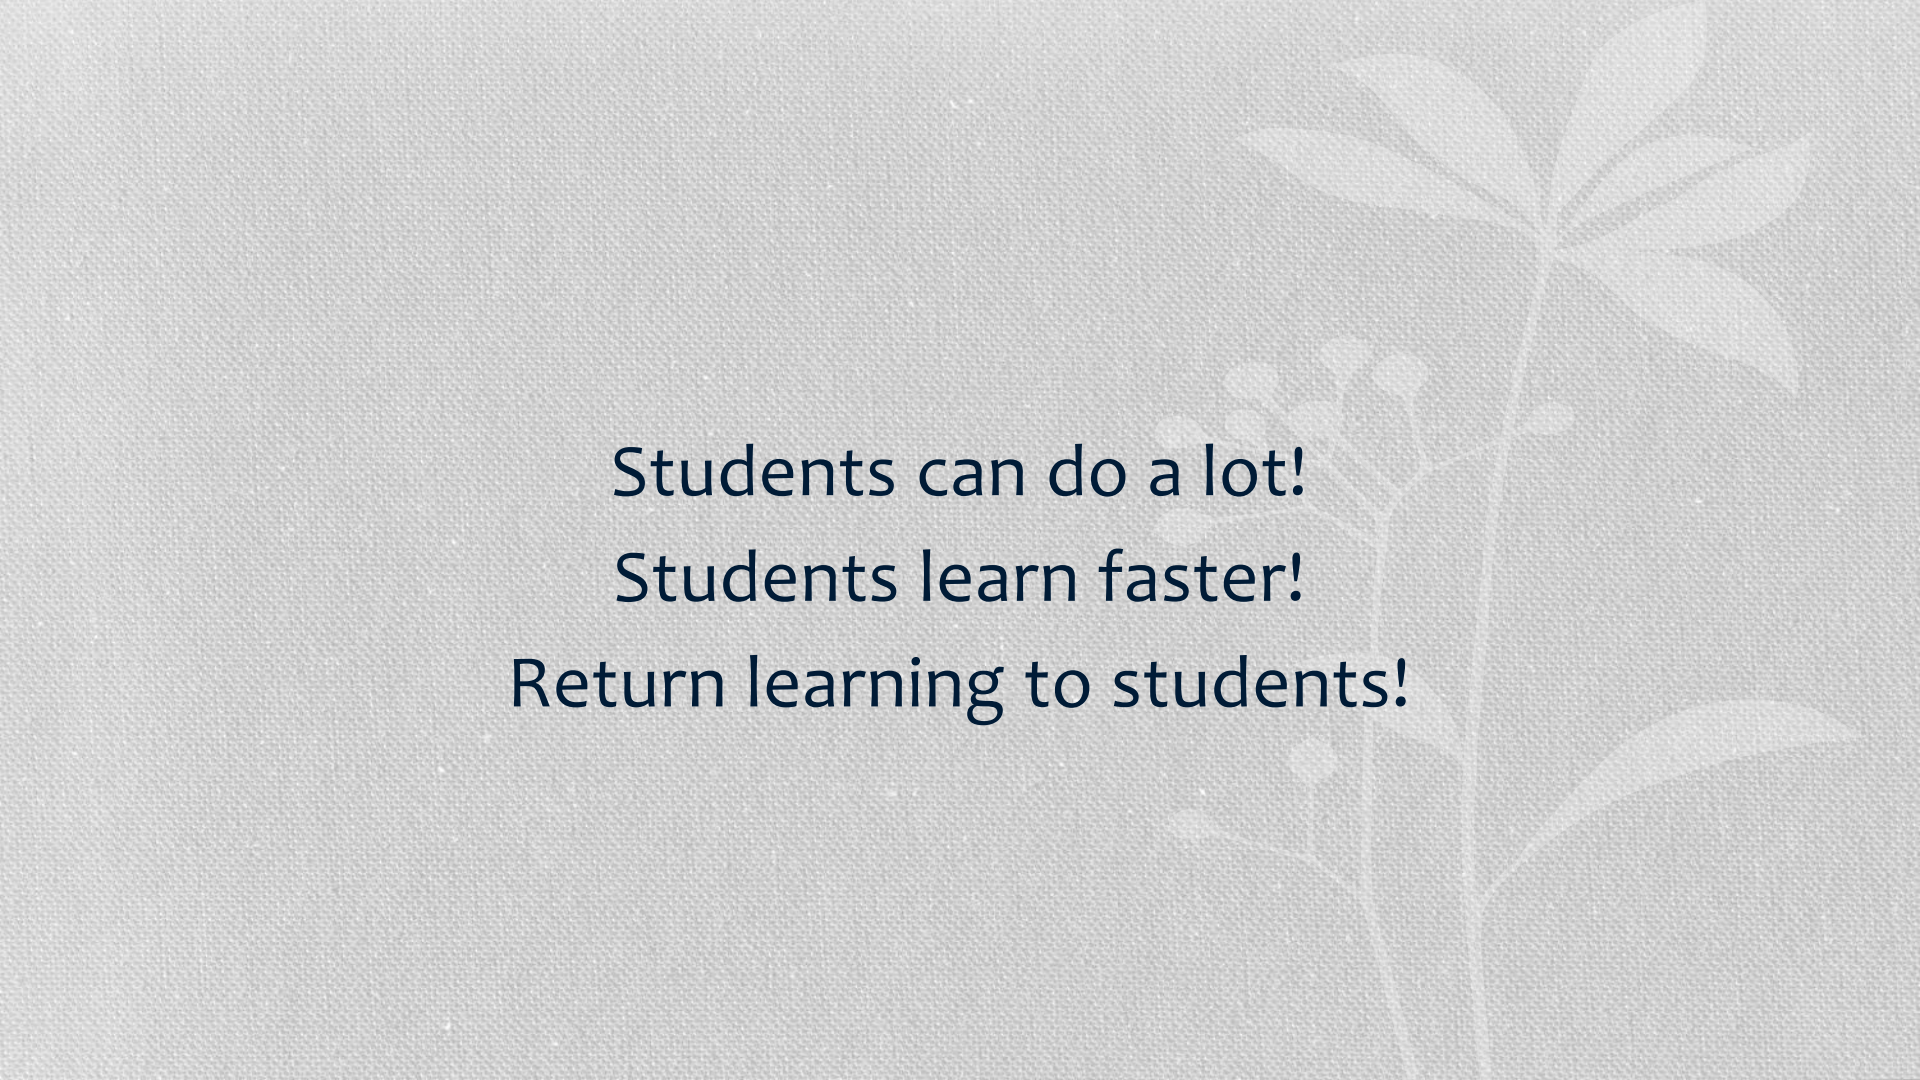

University of Hong Kong

Summer Institute

28 June 2019

Opening up

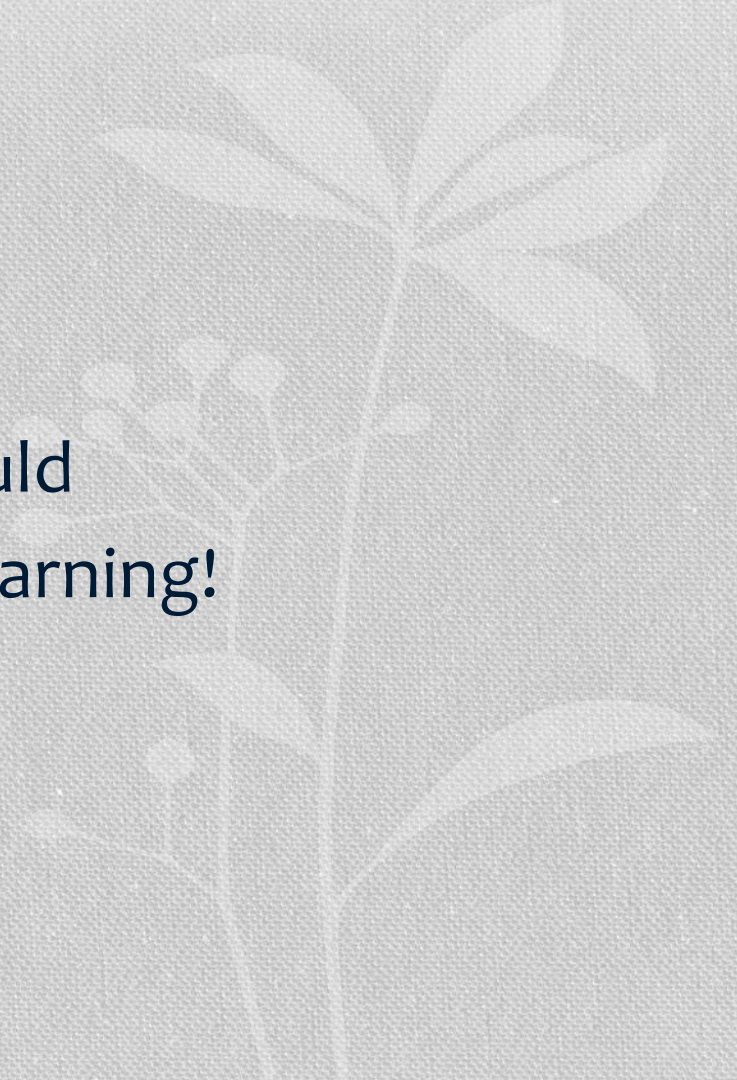

Students can do a lot!
Students learn faster!
Return learning to students!

Trust the academics,
but open their minds!

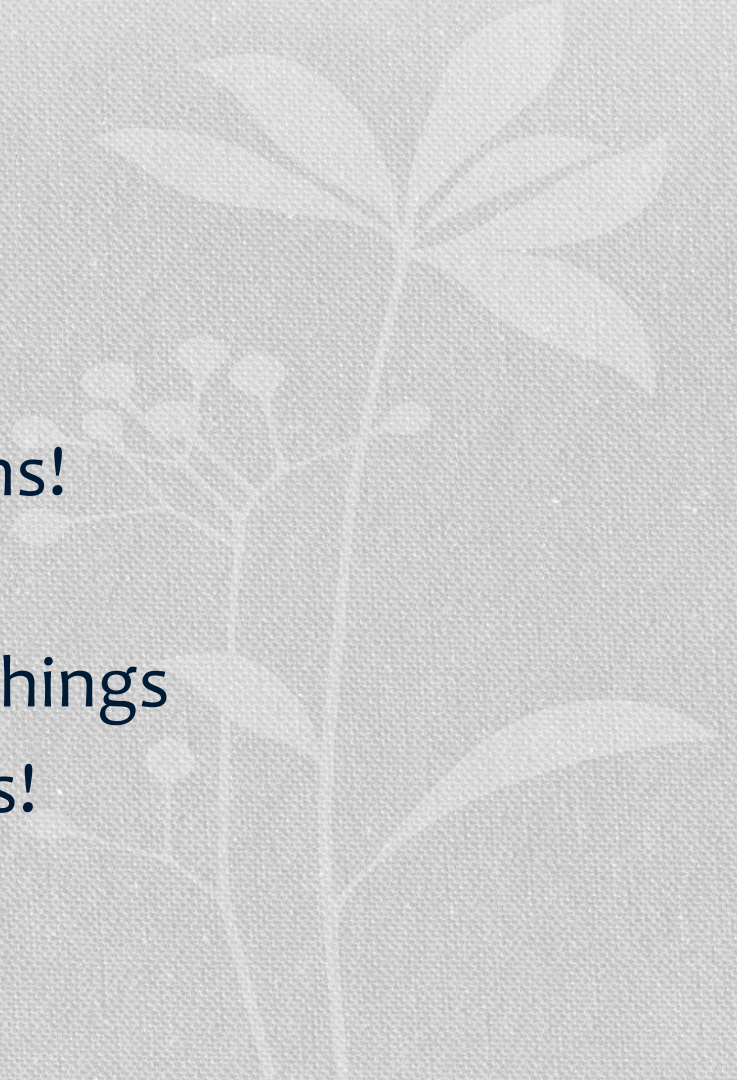

Believe in academic autonomy

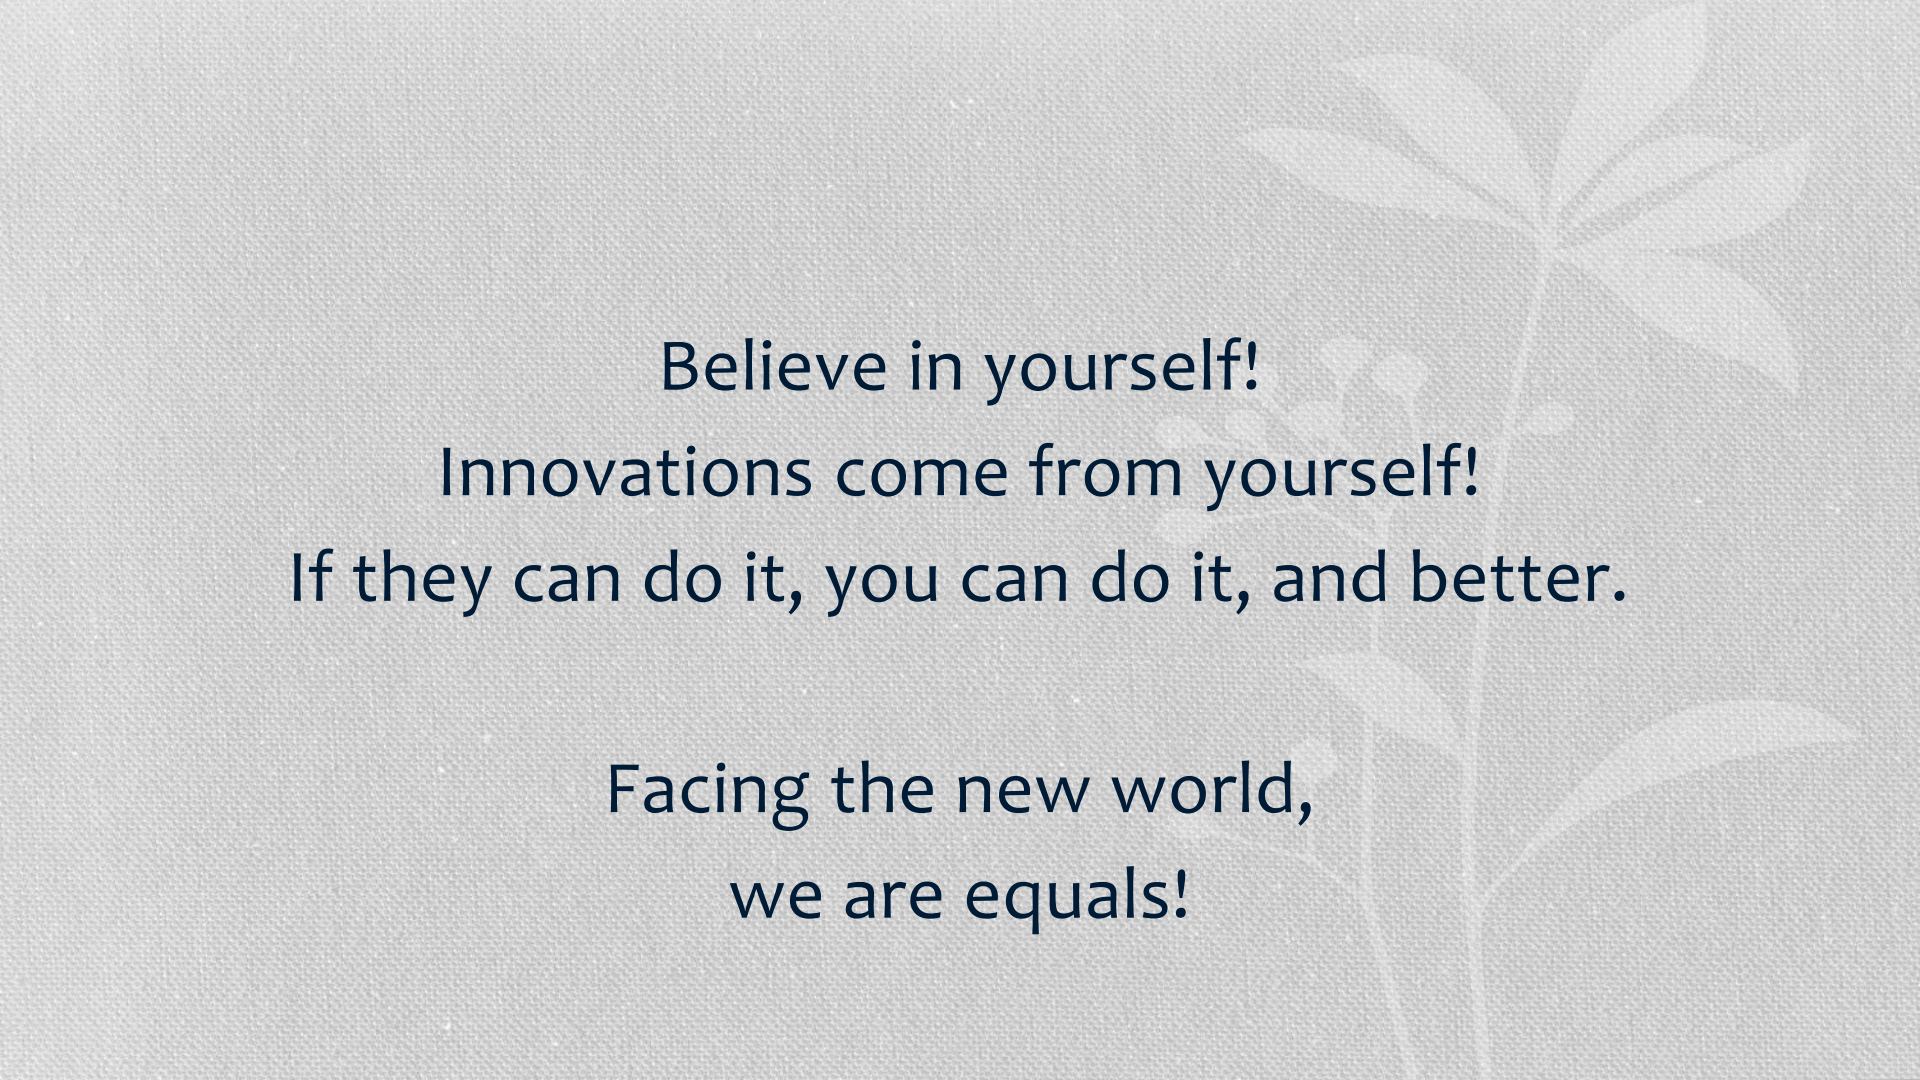

Teaching should
concentrate on Learning!

Learn from
sisters systems!

There are good things
in all systems!

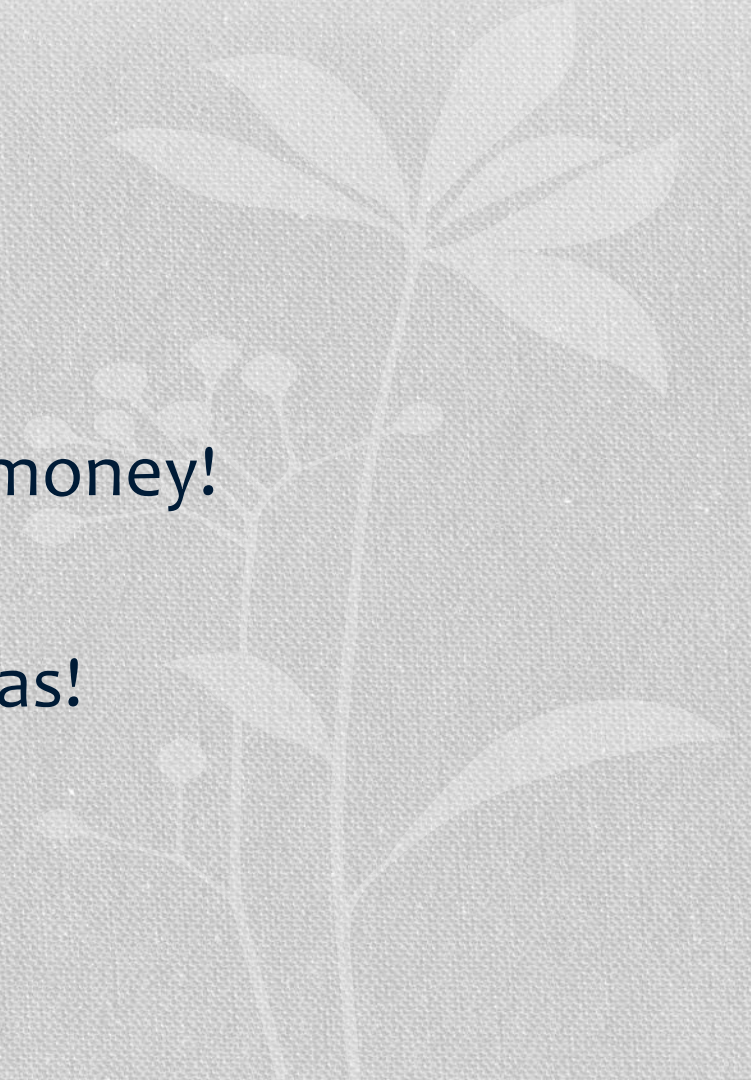

Believe in yourself!
Innovations come from yourself!
If they can do it, you can do it, and better.

Facing the new world,
we are equals!

It's not all about money!

It's about ideas!

Open
your mind
and
your heart!

Thank you!
